My dear Dr. Waller:-

Rec'd your letter after I was transferred to Dallas and was certainly very glad to hear from you.

I was very sorry to hear of your wife's death. I read it in the Hazleton paper after I got your letter.

I am now at Columbia University taking a special course in Radio work. Got in from Texas last Monday morning.

The work here keeps us very busy. It is mostly

electrical work. I am
enjoying the work so far
but do not know how
long I will enjoy it.

Tonight we got orders
to fill out another blank
for commission and
was told to get three
more letters of recommendation.
Will you please send me
one? Also, will you please
ask Prof. Albert and Prof.
Foot to write me one if I
had time I would write
each of them.

I had a short trip
home Saturday night
but had to be back here at
school at 9:30 Sunday night.
I met Maurice Trunkin
who is now at B.S.N.S. He
was telling me about

school. I'm still living
in hopes of getting back to
B.S.N.E. for a short trip.
I do not have much
time now when I get
home or I would take
a run up. We get off on
Sat. at noon till Sunday
night at 9:30 each week.
This course is supposed
to last 13 weeks. We are
getting the course in Physics
of Electricity in 4 hrs that
I took while at Normal.
We are then supposed to
know it.

Well, it is nearly time
to get out of the library (where
we study every night from 7:15 to 9:15)
so I will close hoping to hear
from you soon. I remain
Yours truly,
Hugh E. Boyle

P.S. When does Normal
alumnae have their
meeting here? Would
be glad to see some
of the crowd.
